Digitizing:

Embroidery tape charges will be invoiced at \$10/1,000 stitches with a minimum charge of \$80 per tape. Any costs incurred in tape design or manufacturing prior to cancellation, will be invoiced accordingly. High resolution files are required. Preferred file formats include .jpg, .eps, .tiff. Send to nucom@burksbay.com. Regular logo digitizing will take up to 4 working days from receipt of your high resolution file. A full back logo will take up to 7 days.

Customer supplied disks often don't work on leather:

Leather garments require special digitizing techniques. To avoid delays and reduce the possibility of design complications, we strongly urge you to use our digitizing services.

Personalization:

Embroidered personalization of our jackets is available at a cost of \$11.50. There is a 17-character limit, including spacing and punctuation. There is a cost of \$.40 per character over 17 and a \$30 set-up fee for non-stocked fonts.

Nucom Direct Debossing Price List

Debossing:

The result of heat and pressure applied to the outside of the garment. This technique does not require an access pocket.

Jackets:

Jackets - Same run charge on all jacket locations

Accessories:

Leather Bags

Timing:

After the artwork has been approved, we will need up to 7-10 business days to make the tool, deboss the product and be prepared to ship. The lead time on reorders is 4-7 business days.

Artwork:

To create your debossing tool, we need black and white camera-ready artwork or a computer file. Please note color art cannot be converted. Camera-ready art must be clean—no faxes or photocopies. Minimum 300 dpi. Preferred file formats include .jpg, .eps, .tiff. Send to nucom@burksbay.com.com.

Sample Orders will be embroidered at the following rate (10,000 stitches or less):
